

### Subject Matter Experts:

- **Carla Bailo, President and CEO:** expertise includes smart mobility, smart cities, CAV technologies, transportation systems, manufacturing, engineering, program management and polymeric and composite materials, and product planning
  - 734-929-0480, [cbailo@cargroup.org](mailto:cbailo@cargroup.org) Twitter: @carlamobility
- **Kristin Dzciczek, Vice President, Industry, Labor, and Economics (ILE):** expertise includes economics, vehicle sales and production trends, product, unions, employment and talent, public policy, trade, industry structure, supplier-manufacturer relations, and economic development/incentives
  - 734-929-0469, [kdzciczek@cargroup.org](mailto:kdzciczek@cargroup.org) Twitter: @kdzciczek
- **Bernard Swiecki, Director, ACP and Senior Automotive Analyst (ILE):** expertise includes economics, vehicle sales and production trends, product, employment and talent, trade, industry structure, supplier-manufacturer relations, economic development and incentives, and the Automotive Communities
  - 734-929-0484, [Bswiecki@cargroup.org](mailto:Bswiecki@cargroup.org) Twitter: @BernardSwiecki
- **Richard Wallace, Vice President, Transportation Systems Analysis (TSA):** expertise includes connected and automated vehicle technologies, transportation systems, mobility, CAV regulations, urban planning, transportation and technology policy, vehicle safety, freight and logistics, travel behavior, public transportation, and program evaluation
  - 734-929-0475, [rwallace@cargroup.org](mailto:rwallace@cargroup.org)
- **Qiang Hong, Senior Research Scientist (TSA):** expertise includes connected and automated vehicle technologies, transportation systems, Chinese automotive and mobility industries, urban planning, and freight planning
  - 734-929-0497, [qhong@cargroup.org](mailto:qhong@cargroup.org)
- **Valerie Brugeman, Senior Project Manager (TSA):** expertise includes connected and automated vehicle technologies, mobility, brownfield redevelopment and repurposing, economic development strategies
  - 734-929-0474, [vbrugeman@cargroup.org](mailto:vbrugeman@cargroup.org)
- **Eric Paul Dennis, Senior Transportation Systems Analyst (TSA):** expertise includes connected and automated vehicle technologies, transportation systems, transportation engineering, and CAV regulations
  - 734-929-0495, [epdennis@cargroup.org](mailto:epdennis@cargroup.org) Twitter: @EricPaulDennis
- **Abhay (Abe) Vadhavkar, Director, Materials & Manufacturing Technology (MMT):** expertise includes manufacturing engineering, evolving technologies and manufacturing engineering systems, tooling, lightweighting pathways, and product development.
  - 734-929-0476, [avadhavkar@cargroup.org](mailto:avadhavkar@cargroup.org)
- **Brett Smith, Director, Propulsion Technologies & Electrification Infrastructure (PTEI):** expertise includes powertrain, electric vehicles, fuel economy, CAR's Powertrain Forum, the Management Briefing Seminars, industry structure, supplier-manufacturer relations, and product analysis.
  - 734-929-0491, [Bsmith@cargroup.org](mailto:Bsmith@cargroup.org)
- **Shashank Modi, Research Engineer (Manufacturing, Engineering, and Technology (MET):** expertise includes materials, manufacturing, fuel economy, lightweighting, and Coalition for Lightweighting Materials (CALM)
  - 734-929-0487, [smodi@cargroup.org](mailto:smodi@cargroup.org) Twitter: @autoeninja

For additional information, interview requests or other assistance, please contact CAR's communications manager:
